GitHub: <https://github.com/chaitra-srinivas>

Portfolio: <https://chaitra-srinivas.github.io/react-portfolio/>

Certified full-stack web developer from the Monash University Coding Boot Camp, with a background in testing and reconciliation development. A proactive, organised and reliable team member, passionate about developing responsive web applications with a focus on mobile-first design.

TECHNICAL SKILLS

Languages: HTML 5, CSS, JavaScript

Databases: MySQL, MongoDB, IndexedDB

ORM/ODM: Sequelize, Mongoose

Applications: GitHub, JIRA

Tools and Libraries: Node, Express, Handlebars, React, GraphQL, Bootstrap, SemanticUI, Jest

PROJECTS

Social Stories

Deployed application: <https://damp-gorge-33906.herokuapp.com/>

GitHub: <https://github.com/chaitra-srinivas/Social-Stories>

The Social Stories application aims to provide templates for commonly discussed concepts using which one can customise and develop a story with little effort.

Role: Solo developer

Tools and technologies: JavaScript, MongoDB, Express, React, Node.js, Mongoose, GraphQL and Semantic UI

My FrontYard

Deployed application: <https://my-frontyard.herokuapp.com/>

GitHub: <https://github.com/chaitra-srinivas/myfrontyard>

My FrontYard is an intuitive app designed to allow hosts to advertise their residential events and allows other users to access event information and plan their journey to said events.

Role: Developer

Tools and technologies: HTML5, CSS, JavaScript, Leaflet, Geocoding API and Jest

The Entertainment Hub

Deployed application: <https://chaitra-srinivas.github.io/The-Entertainment-Hub/>

GitHub: <https://github.com/chaitra-srinivas/The-Entertainment-Hu>

The Entertainment Hub is a web application that provides information about the current New York Times Best Sellers List, book and movie reviews and a list of critically acclaimed movies.

Role: Developer

Tools and technologies: HTML5, CSS, JavaScript, NewYork Times APIs, jQuery and Bulma

EXPERIENCE

Integration Aide, Ashburton Primary School, Melbourne, VIC 2017 - Present

Mentor and support students with individual needs to participate in the curriculum effectively. Coach students to deal with and manage their emotions appropriately and enjoy a positive learning experience.

Contributed to the development of the individual learning plan of a student with Intellectual disability resulting in the improvement of the student's reading age by 2 years in 1 school term.

Freelance Usability Tester, Crowdsprint , Melbourne, VIC 2016

Performed Usability testing and provided feedback for various websites including Crowdsprint, Webjet, PropertyConnect and Intuit contributing to enhance the overall usability of the product.

Featured in the top 50 usability testers globally hired by Crowdsprint.

User Acceptance Tester, RMIT Training, Melbourne, VIC 2015

Contributed to the UAT phase by testing, logging defects in **JIRA**, creating new test cases and offering usability suggestions with a focus on improving user experience. Authored the technical documentation and reports to assist with the UAT phase of the Informit Repository.

Recognized by the management for effectively contributing to a successful UAT phase of the informit repository as the only User Acceptance Tester working closely with the developers and the Database Coordinator.

ADDITIONAL EXPERIENCE

Systems Analyst, iGATE Global Solutions, Bangalore, Karnataka, India

Royal Bank of Canada, UK | IMatch

Successfully implemented reconciliation solutions in the form of customised Crystal Reports to RBC's Capital Markets division. Analysed business requirements, configured and offered reconciliation solutions using Sungard's IntelliMatch (reconciliation tool), Crystal Reports and MS SQL.

Regularly trained and mentored new team members and co-authored technical training material leading to the exponential growth of the project.

Worked closely with a 20 member production support team resulting in improvement of the overall ETA of reported issues.
