LinkedIn: /ChaitraMurthy | GitHub: /ChaitraMurthy | Portfolio: /ChaitraMurthy

Full-stack web developer with a background in testing and development with business applications. Working towards a certificate in Full-Stack Web Development from the Monash University Coding Boot Camp. A proactive, organised and reliable team member, passionate about developing responsive web applications with a focus on mobile-first design

TECHNICAL SKILLS

Languages: HTML 5, CSS, JavaScript, MySQL

Applications: GitHub, JIRA

Tools & Libraries: Node, Express, Bootstrap, Sequelize and Handlebars

PROJECTS

My FrontYard | [<GitHub>](#)

Dec 2021

My FrontYard is an intuitive app designed to allow hosts to advertise their residential events and allows other users to access event information and plan their journey to said events.

Role: Developer

Tools: HTML5, CSS, JavaScript, Leaflet, Geocoding API and Jest

The Entertainment Hub | [<GitHub>](#)

Oct 2021

The Entertainment Hub is a web application that provides information about the current New York Times Best Sellers List, book and movie reviews and a list of critically acclaimed movies.

Role: Developer

Tools: HTML5, CSS, JavaScript, NewYork Times APIs , jQuery and Bulma

EXPERIENCE

Freelance Usability Tester

Crowdsprint (2016 -2017)

Performed Usability testing and provided feedback for various websites including Crowdsprint, Webjet, PropertyConnect and Intuit contributing to enhance the overall usability of the product.

User Acceptance Tester

RMIT Training (Sep 2015 -Dec 2015)

Informit Repository

Contributed to the UAT phase by testing, logging defects in **JIRA**, creating new test cases and offering usability suggestions with a focus on improving user experience. I also contributed towards the technical documentation and reports to assist with the UAT phase of Informit.

Systems Analyst

iGATE Global Solutions (Jan 2008 – Aug 2010)

Royal Bank of Canada, UK | IMatch

Provided reconciliation solutions in the form of customised Crystal Reports to RBC's Capital Markets division. Analysed business requirements, configured and offered reconciliation solutions using Sungard's IntelliMatch (reconciliation tool), Crystal Reports and MS SQL.

Developer/Tester

iGATE Global Solutions (Nov 2005 – Dec 2007)

Various projects and clients

Involved in several projects in different capacities including testing, bug fixing and development mostly using Microsoft technologies.
