GitHub: <https://github.com/chaitra-srinivas>

Portfolio: <https://chaitra-srinivas.github.io/react-portfolio/>

Certified full-stack web developer from the Monash University Coding Boot Camp, with a background in testing and development with business applications. A proactive, organised and reliable team member, passionate about developing responsive web applications with a focus on mobile-first design.

## TECHNICAL SKILLS

**Languages:** HTML 5, CSS, JavaScript, MySQL

**Applications:** GitHub, JIRA

**Tools & Libraries:** Node, Express, Sequelize, Mongoose, Handlebars, React, MongoDB, GraphQL, Bootstrap, Semantic UI

## PROJECTS

### Social Stories

**Feb 2022**

**Deployed application:** <https://damp-gorge-33906.herokuapp.com/>

**Github:** <https://github.com/chaitra-srinivas/Social-Stories>

The Social Stories application aims to provide templates for commonly discussed concepts using which one can customise and develop a story with little effort.

Role: Solo developer

**Tools & technologies:** JavaScript, MongoDB, Express, React, Node.js, Mongoose, GraphQL and Semantic UI

### My FrontYard

**Dec 2021**

**Deployed application:** <https://my-frontyard.herokuapp.com/>

**Github:** <https://github.com/chaitra-srinivas/myfrontyard>

My FrontYard is an intuitive app designed to allow hosts to advertise their residential events and allows other users to access event information and plan their journey to said events.

Role: Developer

**Tools & technologies:** HTML5, CSS, JavaScript, Leaflet, Geocoding API and Jest

## **The Entertainment Hub**

**Oct 2021**

**Deployed application:** <https://chaitra-srinivas.github.io/The-Entertainment-Hub/>

**GitHub:** <https://github.com/chaitra-srinivas/The-Entertainment-Hub>

The Entertainment Hub is a web application that provides information about the current New York Times Best Sellers List, book and movie reviews and a list of critically acclaimed movies.

Role: Developer

**Tools & technologies:** HTML5, CSS, JavaScript, NewYork Times APIs , jQuery and Bulma

## **ADDITIONAL EXPERIENCE**

**Integration Aide**, Ashburton Primary School, Melbourne, VIC

Mentor and support students with individual needs to participate in the curriculum effectively. Coach students to deal with and manage their emotions appropriately and enjoy a positive learning experience.

**Freelance Usability Tester**, Crowdsprint , Melbourne, VIC

Performed Usability testing and provided feedback for various websites including Crowdsprint, Webjet, PropertyConnect and Intuit contributing to enhance the overall usability of the product.

**User Acceptance Tester**, RMIT Training, Melbourne, VIC

Contributed to the UAT phase by testing, logging defects in **JIRA**, creating new test cases and offering usability suggestions with a focus on improving user experience. Authored the technical documentation and reports to assist with the UAT phase of the Informit Repository.

**Systems Analyst**, iGATE Global Solutions, Bangalore, Karnataka, India

Royal Bank of Canada, UK | IMatch

Successfully implemented reconciliation solutions in the form of customised Crystal Reports to RBC's Capital Markets division. Analysed business requirements, configured and offered reconciliation solutions using Sungard's IntelliMatch (reconciliation tool), Crystal Reports and MS SQL. Trained and mentored new team members and co-authored technical training material.
